

EMMAUS ROAD BIBLE FELLOWSHIP

ANNOUNCING THE CONTINUATION OF OUR ONLINE SEMINAR

**GOD'S SOLUTION
PROBLEM SOLVING IN A FALLEN WORLD**

**Part III: November 13, 2021
and
Part IV: December 11, 2021**

September 23, 2021

Dear Saints and Fellowheirs,

God bless you in the name of Jesus Christ. A little news here; on October 5 we are moving from Oracle into Tucson to be closer to the fellowship of believers in Tucson. Our internet service will also be much better than what we have in Oracle, making it easier to live stream. Our new home is on 3147 N. Fennimore Ave, but we will receive mail after October 5 at a PO Box. **Our new mailing address will be PO Box 17067, Tucson, AZ 85731. Our new home phone number is 520-267-5177.** Our cell numbers will remain the same. Moving is an exciting adventure, and we've already seen God moving on our behalf in it. Thank you for your prayers.

In August in Maryland and then again in September in Colorado, I taught *The Renewed Mind: Words and Images*. It is now available to go to our website emmausroadbf.com to download the syllabus and the recordings from both weekends. These are being made available without cost. On our website we also have a catalog and price list for all materials except for the online seminars. The syllabuses and recordings for these seminars are available to order using the enclosed registration form.

Emmaus Road Bible Fellowship is pleased to announce our next online seminars. We will continue **with God's Solution: Problem Solving in a Fallen World Part III: The Information Solution** on Saturday, November 11, and we will finish this study with **Part IV: The Power Solution** on Saturday, December 11.

You may register for Part III and/or Part IV. The **registration fee for each part is \$15.00 (\$30.00 for both parts)**. When you register for the seminars, you will receive a syllabus and information on how to connect. If you plan on participating in Part III, we need to receive your registration by November 6 so we can send your syllabus on time. If you plan to only participate in Part IV, the deadline is December 4. Each part will have its own individual syllabus. If you register for both parts, we will mail you the syllabus before Part III and then another syllabus before Part IV.

Here are some excerpts from the introduction of syllabus of Part III to give you an idea of what we will cover on November 13:

In the second part of *God's Solution: Problem Solving in a Fallen World*, we considered the identification solution. In our illustration of the computer, we noted that the Internet Protocol (IP) address is the identifying number that is associated with a specific computer or computer network. When a computer is connected to the internet, the IP address allows the computer to send and receive information. In computer science the word "protocol" refers to a set of rules or procedures for transmitting data between electronic devices, such as computers. In order for computers to exchange information there must be a preexisting agreement as to how the information will be structured and how each side will send and receive it. Likewise in the spiritual realm, we must understand the proper procedures for the communication of information from God to man. Thus in this third part of our study we will consider the information solution. How are we going to be equipped to solve problems in this fallen world if we don't have the right information?

The time we live in today is often called "the Information Age." With the invention and widespread use of computers, the economies of modern societies are primarily based upon information technology. The amount of information available to us today is astonishing. Virtually everyone has access to a computer. Yet as information multiplies, so do the complexities of modern life. The increase of information isn't bringing about a solution to the problems mankind faces. It seems that the more we know about so many other things, the less knowledge we have about God.

Hosea 4:6:

My people are destroyed for lack of knowledge...

God's people were then and still are now destroyed not because of their lack of knowledge about worldly things but because they lack knowledge of God. The New Living Translation reads: "My people are being destroyed because they don't know me."

Let's read a fundamental truth Jesus declared about God.

John 4:24:

God is a Spirit...

The indefinite article "a" should be omitted and it should simply read "God is Spirit." This is the essence of God. He does not have a visible form.

I Timothy 1:17:

Now unto the King eternal, immortal, invisible, the only wise God, *be* honour and glory for ever and ever. Amen.

Since God is invisible, how does He communicate with people who live in a senses realm?

In Part III: The Information Solution we will answer that question.

In Part IV we will consider The Power Solution. Here is the introduction to the syllabus:

In our study of *God's Solution: Problem Solving in a Fallen World*, we have thus far considered the connection solution, the identification solution, and the information solution. There is one final aspect we must observe—the power solution. A statement that has been oft repeated is “Information is power.” This is not necessarily true. While information is a necessary ingredient to problem solving, it is not enough. We must act on the information we receive. The two primary definitions of power given by *Merriam-Webster* are applicable to this particular study: “1) ability to act or produce an effect; 2) legal or official authority, capacity, or right.” Power can thus be understood as the ability and authority to act.

Let's review a section of scripture that we have examined in some detail earlier in this study. Jesus had just healed a man who had been lame for thirty-eight years. He responded to those who accused him of healing this man on the Sabbath.

John 5:17–20:

But Jesus answered them, My Father worketh hitherto, and I work.

Therefore the Jews sought the more to kill him, because he not only had broken the sabbath, but said also that God was his Father, making himself equal with God.

Then answered Jesus and said unto them, Verily, verily, I say unto you, The Son can do nothing of himself, but what he seeth the Father do: for what things soever he doeth, these also doeth the Son likewise.

For the Father loveth the Son, and sheweth him all things that himself doeth: and he will shew him greater works than these, that ye may marvel.

Here we see all four parts we are covering concerning problem solving. First, Jesus was connected to God. He knew God and was convinced of the Father's love for him. He spent much time in prayer to his Father. He also had a strong identity, for he called himself “the Son.” Jesus realized that he was the Son of God in a unique way, for he was the only begotten of God. He knew who he was. Jesus constantly received information from God. The Father showed him all things that He did and would show him even greater things. Finally, he walked with power and authority, for what he saw the Father doing, the Son did the same. He saw the Father was the God of healing and deliverance. In his mind's eye, he could see his Father healing the lame man and then he carried out his Father's will. Jesus acted on the information he received from his Father. Then he declared that his Father would show him even greater works, which he would carry out.

We trust that you will find both of these seminars enlightening and inspiring in your daily lives.
